

How to give the a generic RLG opportunity testimonial

- Social proof on our websites and why this is such a big deal
- TEAM = Together Everyone Accomplishes More

Things to do BEFORE you make your video:

- We will **NOT** use the company name or the name of a specific product in this video
- Talk with a friend or family to see if they can hold your phone and shoot the video for you
- Shoot video with your phone horizontal (wide view instead of tall)
- Pay attention to good lighting so we can see your face (facing your light source)
- Make sure your clothing and background are clean, appropriate, and modest (no bathing suits)
- Write down a few notes about the things you want to share about your story AND practice a time or 2 (while you are recording)
- Potential things to include in your story - (things you were struggling with before like bills, debt, stress, not liking your job/career, lost a job, life change, etc.)
- Goal is to make the video 2 minutes or less
- Don't show license plates or street/addresses in background and respect your neighbor's privacy
- You can see a great example of a generic testimony at <https://player.vimeo.com/video/323549054>

Things to talk about in your video:

- Say your first name, state, and occupation (if you're comfortable including that)
- Say what was happening in your life that had you open to looking at an option to make extra cash. This is something like, "In (year you started with Revii), I was (insert the challenge or reason you were open to looking at Revii)."
- Say how you were introduced to the option – tell the story (phone call from a friend, advertisement, something you saw on social media, etc.)
- Explain the difference that earning extra cash has made for you and/or your family (paying some bills, saving for something you want, buying some extra things you want, helping other people, feeling like you are in control of your financial future, making new friends, learning new skills, etc.)
- Why you'd recommend other people take a look at this option and see if it's a good fit for them.
- Please remember to aim to keep the video at 2 minutes or less

Things to do after you complete the video:

- Send video to us by using the free WeTransfer app on your phone and email the video link to tom@partnerwithrevii.com

- We created a video that shows how to use the WeTransfer app, which you can find on the page you're watching this video on or at rlgtraining.com

- If you have questions, feel free to use the "chat" button at <http://rlgtraining.com> or email tom@partnerwithrevii.com

Thank you for being part of the team and for sending us your testimony
